AZ CORP COMMISSION DOCKET CONTROL GLEASON PROPOSED AMENDMENT #1

DATE PREPARED: July 25, 2008

COMPANY: Tucson Electric Power Company

DOCKET NOS: E-01933A-07-0401 (Shade Tree Program)

OPEN MEETING DATES: July 29 and 30, 2008 AGENDA ITEM: U-15

Page 10, between lines 9 and 10 INSERT new Findings of Fact to read:

"43. Many of the measures included in the Shade Tree program appear to be unrelated or only tenuously related to the primary goal of Demand Side Management, which should be to assist the Company's ratepayers to conserve electric power. For example, the extent to which planting trees in public parks would advance this goal remains to be shown.

44. Most of the additional program benefits cited in Finding of Fact No. 24 relate to matters that are jurisdictional to Executive Branch agencies, such as the Arizona Department of Environmental Quality and Arizona Game and Fish Department, rather this Commission.

45. As documented in footnote No. 7 to this Decision, the Company considers the majority of the program budget to be essentially a grant to Trees for Tucson. This gift of money would be at the ratepayers' expense, and cannot be justified until the program is redesigned to more clearly focus on measures that will demonstrably assist ratepayers in conserving electric power. For the foregoing reasons, we will not approve the TEP Shade Tree program at this time."
